Profile

Front-end developer with experience in full stack development. Competent in all stages of the SDLC, including design, documentation, analysis, and testing. Natural problem solver and critical thinker. Highly motivated self-starter with a passion for learning new technologies and improving my craft.

Skills

- HTML, CSS, JavaScript, React, Material-UI, Sass/SCSS, Bootstrap, AngularJS, TypeScript
- C#, .NET, Java, SQL, Liquibase, REST APIs, Swagger
- Git, Github/Bitbucket, Jenkins, Visual Studio, VS Code, npm, Postman
- Agile methodologies (Scrum/Kanban), CI/CD, Jira/Trello
- Responsive web development, UI/UX design, software testing, project management

Experience

Quivers (startup)   *April 2022 – August 2023*

UI Engineer

- Delivered new user interface views, features, and workflows for a new customer-facing SaaS platform using JavaScript, HTML, SCSS, and Bootstrap
- Implemented new features and enhancements to legacy platform using Angular, React, and SCSS
- Collaborated with a small team of in-house engineers and off-shore development team to deliver technically optimized features which offer a Grade A customer experience

Entech Consulting /Anovaa (a subsidiary of Entech)   *May 2020 – April 2022*

Software Developer

- Developed new and improved existing user interfaces using React, CSS, and Material-UI
- Added new and improved existing functionality to REST APIs using C#, .NET, and MariaDB
- Collaborated with product owners to design and create friendly UI/UX for new features

Configuration Developer

- Created and deployed scripts for configuring new clients to a multi-tenant SaaS web application
- Designed and built a Membership Verification feature using React, C#/.NET, SQL, and Python
- Created and deployed client email and document templates using C#, ASP.NET Core, and Razor

Junior UI/.NET Developer

- Maintained and updated high-traffic websites and microsites for external clients using TeamSite CMS, HTML, CSS, C#, ASP.NET, and Microsoft SQL Server
- Created documentation highlighting best development practices and processes
- Provided training and mentoring to fellow development team members and external partners

Advisor Innovation Labs (startup)   *January 2019 – March 2020*

Software Engineer Intern

- Designed and built a reusable tooltip component for UI component library using React, Typescript and SCSS
- Led a UI/UX redesign project for an enterprise administration application

Education

Middlesex College, Edison, NJ
A.S. in Computer Science, 2018

Villanova University, Villanova, PA
B.A. in Italian Studies, 2009

Certifications

JavaScript Algorithms and Data Structures, Free Code Camp (April 2020)
Responsive Web Design, Free Code Camp (December 2019)
