SUMMARY

Software Developer with 5+ years of experience building scalable, user-focused web applications across SaaS platforms and client projects. Experienced in modern JavaScript frameworks, frontend architecture, and full-stack development, with a strong emphasis on performance, usability, and clean, maintainable code.

SKILLS

Languages: HTML, CSS, JavaScript, TypeScript, C#, SQL

Frameworks/Libraries: React, Next.js, Astro, AngularJS, Bootstrap, MUI

Tools & Technologies: REST APIs, .NET Core, Git, npm, Vite, ESLint, CI/CD

Styling: CSS Modules, Sass, Less

PROFESSIONAL EXPERIENCE

Frontend Developer (Freelance & Independent Projects) — Remote | 03/2024 – Present

- Designed and developed responsive, high-performance websites and applications using modern frameworks including Astro.js, React, and Next.js
- Founded and launched a freelance web development business (LLC, 2025), delivering end-to-end solutions for small business clients
- Delivered a production website for a small business client, achieving perfect Lighthouse scores (100/100) across performance, accessibility, SEO, and best practices
- Implemented modern development and deployment workflows using Netlify and CI/CD practices
- Led full project lifecycle including requirements gathering, development, deployment, and post-launch support

UI Engineer — Quivers Inc. (Remote) | 04/2022 – 08/2023

- Delivered features and workflows for an e-commerce SaaS platform using JavaScript, HTML, SCSS, Mustache.js, and Bootstrap
- Maintained and enhanced legacy frontend systems using AngularJS and React
- Led integration of a third-party digital adoption platform to improve onboarding and user engagement

Software Developer — Anovaa (Entech Consulting) | Malvern, PA | 11/2020 – 04/2022

- Developed full-stack features for a SaaS platform using React, Material UI, .NET Core, C#, and SQL
- Built reusable frontend components and integrated REST APIs to support scalable applications
- Implemented client-specific features and enhancements in a multi-tenant environment
- Collaborated with product and client teams to improve onboarding and platform usability

Junior UI/.NET Developer — Entech Consulting | Malvern, PA | 05/2020 – 11/2020

- Developed and maintained client websites using TeamSite CMS, ASP.NET, C#, and SQL Server
- Delivered responsive, cross-browser compatible UI solutions
- Contributed to documentation and team knowledge sharing; promoted to Software Developer

Software Engineer Intern — Advisor Innovation Labs | Bryn Mawr, PA | 01/2019 – 03/2020

- Built features and reusable components using React, TypeScript, and Sass
- Led UI/UX redesign of an internal admin application and presented final deliverables

PROJECTS

Collegiate Dance Connection — Business Website

collegiatedanceconnection.com

- Designed and developed a fully responsive, mobile-first website using Astro.js and LESS, delivering a fast and modern user experience
- Collaborated with the client to define site structure, branding, and content strategy
- Implemented a secure contact form with Google reCAPTCHA and a dynamic light/dark mode toggle
- Achieved perfect Lighthouse scores (100/100) across performance, accessibility, SEO, and best practices
- Deployed via Netlify with CI/CD integration and provided ongoing maintenance

Portfolio Website — nickkorintus.com

- Built and deployed a personal portfolio to showcase projects and technical skills
- Focused on clean UI, performance optimization, and responsive design
